Continuation of Substance of Interview including description of the general nature of what was discussed: A 101 issue was discovered upon a review of the claims. In claim 22 "a memory medium" could be interpreted as many different possible items including a piece of paper. Thus the claim was non-statutory. Examiner suggested that the claim be amended to read "A computer readable medium" to correct the 101 problem. The applicant's representative agreed to the change. .
